Ciels

CIELS combines language learning with in-depth study of application areas.

Exchange students can choose among all the courses we offer.

For a description of our courses see our website www.ciels.it.

Most of the language courses last all year: if you are here for one semester, professors will give you a partial test at the end of your stay.

Please remember that most of linguistic and non-linguistic courses are taught in Italian.

However, upon request, students might have the possibility to take the exam speaking (or writing) in English, if the professor in charge of the course agrees to do so.

One CFU generally corresponds to 25 hours of workload per student, time for individual study included.

The average workload of a full-time student is conventionally fixed at 60 ECTS per year.

The evaluation grading system goes from 18 to 30. The highest possible grade is 30 cum laude (*30 e lode*) which corresponds to excellent.
